

Residential ENERGY STAR® Electric Products Rebate Form

Save money, improve comfort and ensure a cleaner environment with energy saving offers for residential customers with electric heat and/or central air conditioning from National Grid.

- ▶ ENERGY STAR Thermostats
- ▶ ENERGY STAR Windows

nationalgrid

The power of action.™

Use this form to apply for any of the equipment rebates listed below.

Save money, improve the efficiency of your home and help ensure a cleaner environment with energy efficiency programs from National Grid.

Follow these steps to receive a rebate for the equipment listed below:

- 1) Purchase and install the energy efficiency measures. ENERGY STAR windows can be self-installed by the customer or installed by a qualified contractor. ENERGY STAR thermostats must be self-installed by the customer.
- 2) Complete this simple application and calculate your anticipated rebate.
- 3) Return completed application along with a copy of your dated invoice or receipt. Remember, your invoice or receipt must include the:
 - ▶ complete model number of each unit installed
 - ▶ cost of each unit installed

Please send a copy of the National Fenestration Rating Council (NFRC) label for each window installed.

Mail to:

National Grid Efficiency
ATTN: Upstate NY Energy Efficiency
300 Erie Blvd West
Syracuse, NY 13202

WORK COMPLETION AND REBATE VALIDATION

I hereby affirm the Energy Efficiency Equipment listed above has been installed. I acknowledge that all work is subject to on-site work verification and inspection as may be required by state and local law and by National Grid. I am aware of and agree to the Terms & Conditions stated on the reverse side of this application and am attaching copies of itemized proofs of purchase and invoices for the installation performed.

Customer Signature: _____ Date: _____

Equipment installed from 5/1/10 to 12/31/10 is eligible. Rebate form and required documentation must be postmarked by 1/31/11. One account number per form. Some restrictions may apply. Rebate offers are subject to change without notice and the program may be terminated at any time due to funding constraints.

Program Terms & Conditions

- Rebates** - Subject to these Terms and Conditions, this program is offered by Niagara Mohawk Power Corporation d/b/a National Grid (the "Company" or "National Grid"). The Company, through its contractual vendor, Energy Federation Incorporated (the "Vendor"), will pay rebates to eligible customers in the Company's Service Territory, for the purchase and installation of the equipment/products described in this literature and within this application.
- Customer Eligibility** - Customer must be a residential electric customer of the Company in Upstate New York. Customer must have electric heat or central air conditioning from National Grid. New equipment installed from 5/1/10 to 12/31/10 is eligible contingent upon availability of funds. It must have been new equipment installed at the installation address listed on this application. The required documentation listed must be postmarked no later than 1/31/11. Check www.powerofaction.com/efficiency frequently for program updates or installation extensions.
- Post-Installation Work Verification** - The Company reserves the right to perform a verification of the specified installation. If the Company and/or Vendor determines that the equipment was not installed in a manner that is consistent with program guidelines, the Company and/or Vendor may require that the installation be modified before making any rebate payments. The cost of such modifications is the responsibility of the customer. I hereby authorize the Vendor to release my energy use information to the Company and System Benefit Charge (SBC) program administrators and/or its designee. I understand that such information will be kept confidential and used only for the purpose of determining program eligibility and energy savings.
- Installation Requirements** - Installations must be completed in conformance with state and local code requirements. ENERGY STAR windows can be self-installed by the customer or installed by a qualified contractor. ENERGY STAR thermostats must be self-installed by the customer. Windows installed in new construction or additions will not be eligible for the rebate.
- Proof of Proper Installation** - As part of its rebate application, the Customer is required to submit dated copies of all paid invoices documenting the installation (including all materials, labor and equipment invoices) which reflect the actual cost of purchasing and installing the equipment.
- Indemnification** - Customer shall defend, indemnify and hold harmless the Company and its officers, directors, employees, agents, servants and assigns from and against any and all losses, claims, demands and/or liability for damage to property, injury or death of any person, or any other liability incurred by the Company, including all expenses, legal or otherwise, arising out of or related to the equipment or installation, except to the extent attributable to the negligence of the Company. In no event shall the Company's liability to Customer exceed the rebate amounts.
- Limited Scope Review** - The scope of review by the Company and the Vendor of the installation of the equipment is limited solely to determine whether rebates are payable. It does not include any kind of safety or code review and should not be relied upon as one.
- Rebate Amounts** - The Company will provide rebates for approved high-efficiency measures, up to rebate amount indicated in the program literature and within this application. Customers cannot receive a rebate from National Grid and rebate from NYSERDA for the same equipment.
- Payment** - The Company, through the Vendor, expects to make rebate payments to eligible Customers within 45 days of a satisfactory work verification. The Customers must refund any rebate made to the extent the installation or equipment does not satisfy program requirements.
- No Warranties** - The Company and the Vendor do not endorse, guarantee or warrant any particular contractor, manufacturer or product installation. The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy or safety of such equipment. The Company is not responsible for any damage that may be caused by or arise out of an installation of any equipment, whether self-installed by the customer or installed by a contractor.
- Changes in the Program** - Equipment Rebate Program/Tax Liability Conditions and details of the Program are subject to change without prior notice and rebate offers may increase or decrease over time. The Company reserves the right to modify or terminate the Rebate Program without notice. Participants of the program may be subject to tax liability for the value of goods and services received through the program pursuant to state or Federal income tax codes. The Company is not responsible for any tax liability which may be imposed as a result of receipt of the rebate by the Customer.
- Contractor Insurance** - The customer is responsible for selecting contractors who are qualified and carry adequate insurance coverage.

National Grid is one of the largest investor-owned energy companies in the world. In the US, we serve nearly 5 million electric and 3.4 million gas customers in Massachusetts, New Hampshire, New York and Rhode Island. Save energy and money with our award-winning efficiency programs. Visit www.powerofaction.com/efficiency.

Additional energy efficiency services may be available from the New York State Energy Research and Development Authority (NYSERDA). For more information, visit www.getenergysmart.org.
